

PROFESSIONAL SUMMARY

Accounting student at the UBC Sauder School of Business (Bachelor of Commerce; expected May 2028) with hands-on experience in payroll processing, cash reconciliation, and financial record-keeping gained through professional roles in Canada. Built two independent financial-analysis projects — modeling a public company's statements and a management-accounting budget-to-actual report — to practice ratio analysis and advanced Excel modeling beyond the classroom. Also experienced in leading teams and managing budgets for community events. Seeking an Audit or Assurance Co-op with a Big 4 firm to apply strong attention to detail and analytical rigor while progressing toward the CPA designation.

EDUCATION

University of British Columbia — Sauder School of Business

September 2026 – Expected May 2028

Bachelor of Commerce, Accounting

Thompson Rivers University

September 2024 – April 2026

Bachelor of Business Administration (transferred to UBC Sauder School of Business) — GPA: 4.08/4.33

PROFESSIONAL EXPERIENCE

Nina's Beauty Nail and Design — Payroll Assistant & Cashier

March 2025 – Present

- Processed 80–120 point-of-sale transactions per shift, accurately recording cash, debit, and credit payments in accordance with company procedures.
- Reconciled daily cash drawers totaling \$2,000–\$5,000, investigating discrepancies and maintaining accurate financial records.
- Prepared and processed bi-weekly payroll for 15 employees, calculating regular hours, overtime, deductions, and net pay while maintaining confidentiality.
- Maintained payroll files and supporting documentation for 200+ payroll records, strengthening organization and audit readiness.
- Monitored inventory levels, coordinated supply purchases, and maintained inventory records to support operational efficiency and cost control.

Bingo English Centre — English Teaching Assistant

January 2024 – July 2024

- Assisted the lead instructor in delivering English lessons to classes of 20–30 students.
- Provided one-on-one academic support to students requiring additional assistance.
- Prepared classroom materials and monitored student progress through regular assessments.

PROJECT EXPERIENCE

Apple Inc. Financial Statement Analysis — Personal Project

July 2026

- Collected and organized Apple Inc.'s FY2025 financial statement data in Microsoft Excel.
- Performed horizontal and vertical analysis to evaluate year-over-year performance and assess financial statement composition.
- Calculated liquidity, profitability, leverage, and efficiency ratios, including Current Ratio, ROA, Gross Margin, and Net Margin.
- Built an interactive Excel dashboard featuring KPI cards, revenue analysis, and financial charts.
- Summarized findings in a professional financial analysis report, highlighting key business trends.
